A strategic planning session that brings together members of the Thurston Climate Mitigation Collaborative to have deep and meaningful discussions on climate mitigation progress and needs, with an emphasis on strategies that would most benefit from regional coordination.

Desired Outcome

- All partners have a shared understanding about climate mitigation work jurisdictions have done and are planning to do
- Build consensus among Staff Team, Climate Advisory Workgroup members, and Executive Committee around a single regional initiative that jurisdictions can include in their 2024 work plans and budgets
